There were present: Messrs. John W. Barr, Jr., President, H. C. Rodes, Alfred Pirtle, Lewis Atwood and R. C. Ballard Thruston, members of the Local Board and the following members ex-officio: Mr. Edward E. Van Cleve, Principal New York Institute for the Education of the Blind, New York City; Mr. Thomas S. McAloney, Superintendent Western Pennsylvania Institution for the Blind, Pittsburgh, Pennsylvania; Mr. George S. Wilson, Superintendent Indiana School for the Blind, Indianapolis, Indiana; Mr. J. T. Hooper, Superintendent Wisconsin School for the Blind, Janesville, Wisconsin; Mr. E. E. Bramlette, Superintendent Texas State School for the Blind, Austin, Texas; Mr. R. S. French, Principal California School for the Blind, Berkeley, California; Mr. Robert B. Irwin, Supervisor Department for the Blind, Cleveland Public Schools, Cleveland, Ohio; Miss Julia F. Dow, Superintendent Minnesota School for the Blind, Faribault, Minnesota; Miss Susan B. Merwin, Superintendent Kentucky School for the Blind, Louisville, Kentucky. Mr. H. R. Latimer, Executive Secretary of the Commission on Uniform Type for the Blind, Pittsburgh, Pennsylvania, was also present.

The minutes of the last Annual Meeting held July 1, 1921, were read and approved as read.

Election of Officers:

The officers were re-elected to serve for the ensuing year as follows: Mr. John W. Barr, Jr., President; Mr. Edward M. Van Cleve, Vice-President; Citizens Union National Bank, Treasurer. Miss Susan B. Merwin was re-elected Secretary and Superintendent for two years.

Publication Committee: Thomas S. McAloney, Chairman; George S. Wilson, Edward E. Allen.

Advisory Committee: G. F. Oliphant, J. T. Hooper, Frank M. Driggs, Edward M. Van Cleve.

Music Committee: Edward M. Van Cleve, Edward E. Allen, R. W. Woolston.

The report of the Secretary and Superintendent was read and ordered to be printed in the Annual Report.

Mr. Thomas S. McAloney, Chairman of the Publication Committee, reported satisfactory progress in the selection and printing of Revised Braille books and expressed appreciation of the prompt service and splendid cooperation of the American Printing House.

Mr. Edward M. Van Cleve, Chairman of the Music Committee, reported that no Braille music had yet been printed but that selections to be published would soon be decided upon by the Committee.

After a discussion on the subject of apparatus, it was finally agreed that a Committee of three be appointed to determine plans by which the American Printing House for the Blind may furnish tangible apparatus.

The following motion was unanimously carried:

That no book be embossed with federal appropriation unless selected by the Publication Committee—that no book be embossed unless in the opinion of the Superintendent there will be orders for at least ten copies—that no book be printed from old plates unless in the judgment of the Superintendent there will be orders for at least five copies.

After an inspection of the plans for the new addition to the building, the meeting adjourned.

JOHN W. BARR, JR., President.
SUSAN B. MERWIN, Secretary.

ANNUAL REPORT OF SECRETARY AND SUPERINTENDENT FOR YEAR ENDING JUNE 30, 1922.

During the past year, the efforts of the American Printing House for the Blind have been mainly expended in two directions and towards the accomplishment of two definite results both of which have been satisfactorily attained—namely, efficiency and speed in production and better service in the handling of orders.

This has been made possible by the employment of an increased force which is gradually acquiring skill and experience in this peculiar and very particular line of work.

It has been a difficult matter to handle this increased production in our already overcrowded building and we were able to carry on only because of the storage and packing facilities afforded by the Kentucky School for the Blind.

For the first time in the history of the Printing House, we are actually ahead with our orders and tomorrow there will be shipped on new school orders books amounting to $9,672.70. Most of these shipments go to schools whose quota allowance has been overdrawn and they were held up for shipment until after July first when they could be charged to the new quota.

There is every indication that Revised Braille Grade One and a Half is being very generally adopted as will be shown from the figures at the close of this

report. Many orders are still received for text books and general literature in New York Point and American Braille and there are occasional orders for Line Letter. It has been our policy to supply any book in any system desired which very often means printing a book of several volumes to fill an order for one copy.

Nine dissected wood relief maps have been made and supplied to various schools and we have ten orders for others. As the process of making these maps is necessarily a slow one, we have given considerable thought to speeding up their manufacture. We have had constructed a small electrical carving tool which facilitates the carving of outline and contour. The Superintendent spent a day in consultation with the Department of Geoglogical Survey in Washington concerning the construction of relief maps and it was found that a map the size of ours cast in plaster or other material which would not be as durable or as satisfactory for the use of the blind as our carved wooden maps, would cost even more than our map and would also require considerable time for construction.

We have added to our equipment one new Proof Press which has not yet been installed and two new Braille stereotypers on which two side plates may be made. As our new Hall press purchased last year can be adjusted for two side plates we are now ready to do bi-page printing if desired.

We are also equipped to emboss music in Revised Braille when authorized by the Music Committee which selections to publish.

Possibly the greatest accomplishment of the year was the passage of a bill by the Legislature of Kentucky making an appropriation of $25,000.00 for an addition to the building of the American Printing House for the Blind. The Local Board of Trustees feel that they were very fortunate to secure the appropriation at this time when money is so scarce and when many other appropriations were reduced. Kentucky has been most generous in making this appropriation as each state shares alike in the benefit derived therefrom.

Plans have been drawn for this addition which are here for your inspection and consideration. The building will be extended on the west side nearly to the street and will more than double the capacity of press room and bindery and will give large space for storage and packing in the basement. There will also be a more adequate proof reader's room and a special room for the embossing of music. Everything will be of fireproof construction and will be so arranged as to give ample space for several new presses, additional stitching machines for the bindery and necessary equipment of every kind.

Finally and best of all, while we are not able at this early date to present a full and complete financial statement, there is sufficient evidence to believe that we will be able to make some reduction in the price of books when our new catalogue is issued. The prices of American Braille and New York Point and certain Revised Braille books for which there is little demand will not be changed but some of the elementary texts and readers in Revised Braille which are being distributed in large quantities will be reduced.

The American Library Association continues to carry on the splendid work inaugurated by the Library War Service of that organization of publishing each year several new titles of current fiction in Revised Braille, Grade One and a Half. From 1919 to 1922, many publications of general interest have been made available to blind readers through the generosity and cooperation of the American Library Association. A complete list of these books printed by us is given on pages 47 to 50 and they also appear in the classified lists.

The New York State Library which has contributed so largely in the past has continued its great benefaction by the publication of another title listed on page 50.

The enumeration of the pupils in the various institutions for the education of the blind in the United States for the year ending June 30, gave 5,658 pupils. The quota for each pupil is $8.837045.

The following tables show the number of pupils in each institution, and how much has been distributed to each instituton under the provisions of the Act of Congress, approved June 25, 1906, entitled "An Act to Modify the requirements of the Act of Congress, approved March 3, 1879, entitled 'An Act to Promote the Education of the Blind,'" and of An Act Providing additional aid for the American Printing House for the Blind, approved August 4, 1919, by which the American Printing House for the Blind receives $50,000 annually.
